

Company Fact Sheet

Products

Manufacturer of high-power, high-brightness diode laser components and systems in a wide range of output powers and wavelengths.

Global Presence

- Founded DILAS Diodenlaser GmbH in 1994 Mainz, Germany.
- Majority shareholder: ROFIN-SINAR Technologies Inc. (Nasdaq RSTI) since 1997.
- In 2005, DILAS Diode Laser, Inc. established in Tucson, AZ, U.S., serving North American market.
- To meet customer needs in the growing Asian market, China Sales Office is established in Shanghai in 2008. Manufacturing area is located in Nanjing, China.
- In October 2008, DILAS Industrial Laser Systems, a division of DILAS Diodenlaser GmbH, is formed offering advanced industrial laser solutions.

Worldwide Employment

- DILAS Germany: ~ 200 employees
- DILAS U.S.: ~ 20 employees
- DILAS China: ~ 10 employees

Research

- 50+ academics and engineers

Research & Development Budget

- Invest ten percent of annual revenue

Key Markets

- Medical
- Diode-Pumped Solid-State Lasers
- Defense
- Graphic Arts
- Materials Processing

Manufacturing Facilities

Mainz, Germany

- 5,500m² (59,202f²) facility
- Maintain 1000 clean room (1,000m²) or better in all areas. Class 100 clean room is guaranteed under flow hoods at the workbenches

Tucson, Arizona

- 500m² (6,000f²) facility
- Maintain 1000 clean room (232m²)

Nanjing, China

- 465m² (5,382f²) facility
- 100m² clean room area

Certification

- ISO 9001-2008 certified quality system

Corporate Management

DILAS Diodenlaser GmbH

Dr. Marcel Marchiano, President & CEO

Dr. Jens Biesenbach, Chief Technology Officer

Dr. Jörg Neukum, Director, Sales & Marketing

Henrik Müller, Director, Finance & Administration

Christian Moll, Human Resources

Michael Puschmann, Manufacturing Operations

Rüdiger Warnke, Director, Production

Meinhard Günther, Director, Quality Management
