

Curriculum Vitae

Dr. Steve Patterson

Technical Director/Deputy General Manager
DILAS Diode Laser, Inc.

Dr. Steve Patterson was appointed technical director/deputy general manager of DILAS Diode Laser, Inc. in Tucson, AZ in June 2010.

Prior to joining DILAS, Dr. Patterson was the Director of Technology and Business Development at Sharp Laboratories of America. Steve served in various roles at nLight Photonics from 2004 to 2009, where he addressed the defense and commercial markets as the Director of Advanced Technologies.

After nine years service as a United States Army Rangers, primarily with the 75th Ranger Regiment, Steve earned both Masters and Doctorate degrees from the Massachusetts Institute of Technology in electrical engineering.

With extensive experience in the engineering and physics of semiconductor lasers and electro-optic devices, Steve will be responsible for the strategic direction and engineering execution of new products for the commercial and defense markets for DILAS Diode Laser, Inc.
