Dr. Lin Yang Joins DILAS Diodelaser China

Mainz, Germany, January 4, 2010 – DILAS announces today that Dr. Lin Yang has joined DILAS Diodelaser China Co., Ltd., effective January 4, 2010, and will be responsible for leading the sales and marketing team.

Dr. Yang obtained dual Ph.D. from the Technical University of Berlin and Huazhong University of Science & Technology in 2003 and from the University of Applied Studies in Physical Electronics and Solid-State Laser in Germany, specializing in materials processing with diode lasers.

Dr. Yang brings more than 6 years of sales and marketing experience in the diode laser industry to his positions. Over the course of his extensive career, Dr. Yang was accountable for marketing and sales at Spectra Physics, OSRAM, nLight, DILAS and Focuslight.

Dr. Yang most recently employed at DILAS Diodelaser China from 2007-2008 where he was instrumental in directing the DILAS Diodelaser China's marketing and sales in Great China.

"Dr. Yang's extensive diode laser experience and background in Great China make him the perfect candidate for the position," said Dr. Marcel Marchiano, President and CEO of DILAS. "We look forward to welcoming him to our team."

About DILAS

DILAS, the diode laser company, is focused on delivering the most innovative technologies and advanced product solutions in the industry. Founded in 1994 in Mainz, Germany, with operations in North America and Asia, DILAS designs, develops and manufactures quality high-power, high-brightness semiconductor laser components, modules and systems, including fiber-coupled products for worldwide distribution. For more information about DILAS, including product updates, visit the company's website at www.dilas.com.
