DILAS Appoints New Distributor in Japan

Mainz, Germany, January 4, 2010 – Effective January 1, 2010, DILAS has entered into an exclusive distribution agreement with LxRay Co., Ltd., of Saitama, Japan, to serve the Japanese market with its high-power diode lasers.

LxRay Co., Ltd., founded in 2008 is a technical oriented trading company specializing in laser, optic and optoelectronic products. With offices in Tokyo and Osaka, LxRay's aim is to provide customers with the best solution for their application.

"With over 17 years of experience in the laser industry, Mr. Yuke Yamaguchi and his company LxRay Co. Ltd., is the ideal partner for DILAS Diodenlaser GmbH, to serve the important Japanese photonics market" said Dr. Joerg Neukum, Director, Sales & Marketing at DILAS Diodenlaser GmbH. "As a well-established company with significant market and product experience, LxRay Co., Ltd., will be able to work closely with our customers to provide the service and continuity which DILAS customers expect and appreciate."

About DILAS

DILAS, the diode laser company, is focused on delivering the most innovative technologies and advanced product solutions in the industry. Founded in 1994 in Mainz, Germany, with operations in North America and Asia, DILAS designs, develops and manufactures quality high-power, high-brightness semiconductor laser components, modules and systems, including fiber-coupled products for worldwide distribution. For more information about DILAS, including product updates, visit the company's website at www.dilas.com.
